

## hp Community

Dear Authors, Business Partners and Shapers of the Thermoprocessing Industry,

Welcome to **heat processing's** new **Online Portal**. This portal interlinks for you up-to-the-minute topics, thoroughly founded knowledge and relevant dates and events in the international world of thermoprocessing technology. In addition, companies and key people from the industry have the opportunity of showcasing themselves and their products and services on this unique platform.

Would you like to join the hp Community, the free-of-charge index of industry persons (see [www.heat-processing.com/community](http://www.heat-processing.com/community))? Then we kindly request you to provide the following information about you:

**1. Name:** (Forename) ..... (Surname) .....

**2. Title:** .....

**3. Position held:** .....

**4. Company** .....

**5. Address:** Street / House number: .....

Postcode / Zip / Town: ..... State / Country .....

**6. Contact:** Tel: .....

Fax: .....

e-mail: .....

Website: .....

## 7. Keywords

Industrial Furnaces & Processes

Burner Technology

Electrothermal Technology

Components & Services

Measuring and Automation

Material Engineering

Research & Development

Management & Organisation

## 8. Work focuses (max. 300 characters inc. spaces)

## 9. Other responsibilities (in case of an association, for example)

## 10. Publications/Reports in heat processing:

You are also welcome to attach a **recent photo** if you wish. Please send form (and photo) to Annamaria Weinert, a.weinert@vulkan-verlag.de.

By completing and submitting this form you agree to the

publication of your data and your photo on **www.heat-processing.com**.
